EDUCATION

B.Tech, Electronics Engineering
Rajkiya Engineering College, Sonbhadra
2019 - 2023

INTERNSHIPS

Full Stack Development
Heal Me Right, Virtual
Oct 2022 - Present

I am working as a Full Stack Development Intern here at Heal Me Right currently where I am having a great experience learning and honing my skills and working in coordination with an awesome team.

TRAININGS

Web Application Development
udemy, Online
Jan 2022 - Mar 2022

Completed my Front End Web Development, started the Back End, reaching a bit more closer to my goal of being a Full Stack Developer. I had a great experience learning the concepts from the Experienced developers, that improved my thinking and perception of handling the problem at the hand.

PROJECTS

React & GraphJS
Jul 2022 - Aug 2022
https://exquisite-stardust-257ba2.netlify.app/

It was an assignment, I learned a React Routers and GraphJS along with the Heroku Server thorough this Assignment.

Weather and forecast App
Jul 2022 - Aug 2022
https://weat-fore.netlify.app/

This Weather and Forecast App uses the Geo Services API and Openweathermap API, and it is constituted of Async Paginate and React accessible accordion to display the current Weather Details as well as one Week Forecast respectively.

Portfolio
Feb 2022 - Mar 2022
https://nirdosh1024.github.io/Portfolio/

This is the front end of the website I have created as a portfolio with the help of HTML5, CSS3, Vanilla JS, It is

responsive and has the dark and light modes.

Front End Project
Jun 2022 - Present
https://nirdosh1024.github.io/Frontend_Project/

I created this project from scratch while learning HTML5 and CSS3, Although It is still under process I learnt a lot of things like position, flex box, grid and others through this project.
